## 2<sup>d</sup> Call for Papers 6<sup>th</sup> Mediterranean Combustion Symposium

### OBJECTIVES AND SCOPE

The MCS aims at the common efforts of the scientific communities from countries around the Mediterranean Sea in soliciting works and promoting the participation of scientists, engineers and students from the same area. Participants from all countries of the world are welcome and submission of papers from groups not located in this region is greatly appreciated since it is considered a valuable contribution to enrich different points of view as well as to communicate last achievements in the field.

All topics and all the scientific/technological approaches in the combustion field are pertinent to this Symposium. The organizing committee and the colloquia co-chairs are composed of international experts in various disciplines of combustion. The technical program will consist of invited lectures by eminent specialists from all over the world, oral presentation of the contributed papers and posters of the work-in-progress.

### COLLOQUIA and COLLOQUIUM CO-CHAIRS

Turbulent Combustion  
Solid Fuels, Waste Combustion and Gasification  
Stationary Combustion  
Propulsion & Engines Combustion  
Combustion Diagnostics and Radiative Transfer  
Pollutants Formation and Control  
Fire and Explosions  
Reaction Kinetics of Combustion  
Practical Combustion Systems  
New Concepts in Combustion Technology  
Forest Fires

### INSTRUCTIONS

Prospective authors please follow the instructions carefully before submitting a full paper: <http://www.ichmt.org/mcs-6/content/view/34/38/>  
Send the **full paper** in both PDF and Word format to: [MCS6@irc.cnr.it](mailto:MCS6@irc.cnr.it)  
Send poster abstracts to: [MCS6@univ-corse.fr](mailto:MCS6@univ-corse.fr)

### SUBMISSION DATES

Papers:  
March 1, 2009: Submission of **full paper**  
April 1, 2009: Notification of acceptance

Work in Progress Presentation:  
April 15, 2009: Submission of abstracts  
May 1, 2009: Notification of acceptance

Proceedings of accepted Contributed Papers will be available in the form of CD-Rom. In addition, a paperbound Book of the Abstracts of accepted papers and Work-in-Progress Presentation will be available during the Symposium.

A set of contributed papers will be selected for post-conference publication in special issues of "Combustion Science and Technology", "Experimental Thermal and Fluid Science" Journals and "Turkish Journal of Engineering and Environmental Sciences".

### REGISTRATION

Please download the registration form at: <http://www.ichmt.org/mcs-09/>.  
Lower rates will apply for students and accompanying people.
